PROFESSIONAL SUMMARY

Frontend-leaning Full-Stack Engineer with 5+ years building scalable, accessible web applications for enterprise clients in the U.S. and Central America. Currently building core UI components and design-system features for Lucidchart and Lucidspark (Lucid Software) — products used by 70M+ people worldwide. Specialized in Angular, TypeScript, and WCAG 2.2 accessibility. Scrum practitioner who owns features end-to-end, fully fluent in English, with a proven track record on distributed U.S. teams.

PROFESSIONAL EXPERIENCE

Software Engineer — Ravn (contracted to Lucid Software)

Nov 2024 – Present

Lucid Software · Visual collaboration suite (Lucidchart, Lucidspark)

Remote — Utah, U.S.

- Build and maintain shared UI components used across Lucidchart and Lucidspark, serving 70M+ users worldwide, as part of the UFO (core components) engineering team.
- Contributed to Lucidchart achieving its VPAT (Voluntary Product Accessibility Template) by implementing WCAG 2.2 accessibility improvements across core product flows.
- Ship features and resolve production defects in a large TypeScript codebase, improving design-system scalability, performance, and code quality in a fully distributed, English-speaking team.

Full-Stack Developer Analyst

Mar 2022 – Oct 2024

ORIGEN Cowork · Software consultancy

San Salvador, El Salvador

- Delivered 5 client projects end-to-end (2 full-stack, 3 frontend) for the banking and paint/retail industries across Central America, including Sherwin-Williams distribution, using Angular, NestJS, Node.js, and PostgreSQL.
- Led requirements gathering, UX/UI design collaboration, and client presentations, acting as the main technical point of contact throughout continuous delivery.
- Ran projects under Scrum: sprint planning, demos, and stakeholder communication, taking end-to-end ownership from discovery to production deployment.

Full-Stack Developer Analyst

Feb 2021 – Feb 2022

Creativa Studio · Digital agency

San Salvador, El Salvador

- Developed features for an eCommerce platform (catalog, cart, checkout flows), improving the online shopping experience and conversion-critical UI.

Bilingual Customer Service & Sales Agent — AT&T

Jan 2019 – Jan 2021

Resolved technical and billing inquiries for U.S. customers entirely in English — foundation for daily communication with U.S. clients and distributed teams.
